Important News

On The Other Side by Chloe

On the other side of the orange fence there is a sausage dog called Mable. That dog is my grandma's dog.

So please do not throw big sticks over the fence because it will hurt Mable. She is nine in human years and in dog years she is 63!

The fence is not a toy so do not climb on it! Please do not throw balls either.

Your Terrific Travels by Emma

Suitable for new Year 3s and younger.

York

Year 3 and Year 4 are going on an overnight stay in York. Though it is only one night, there will be lots of activities such as The Dig (dig to find artefacts), going to the Let's Get Cooking workshop (where Class 2 might sleep), York Minster (a big church) and lots more.

Normally, the residentials are linked to some lessons, for instance, this trip is linked to history. This residential's going to take place from 11th to the 12th of March 2026. We can't wait!

Other Residentials

As well as York, there are a few other residentials, for example: Whitby, Kingswood, Haggs Farm and Perlethorpe. Now we are interviewing Thomas Peter Christmas, a boy who was a 2024 leaver. "Whitby was great, I loved exploring the area and shopping with my friends." Sometimes the residentials can change but that doesn't stop us from having loads of fun!

Residential Tips

Although your first residential can be quite scary, I have made a list that can help you become more confident with this. The first thing you might need is a pack of cards, a diary, or anything that could keep you busy because these journeys can be an hour or longer. The second thing you might need is a special toy or doll to remind you of home. You also might want a book to calm down and get you to sleep. If these tips don't help you, then you can remind yourself that you have your friends by your side.
